FISHERIES

JAN 21 1919

Commissioner of Fisheries,  
Washington, D. C.

Dear Sir:

Reference made to your letter of January 14th, advises us of the fact that our report for fisheries operations for the year 1918 is over due. The delay in getting this report to you was occasioned by the fact that owing to the poor mail conditions between Seattle and Alaska, we have not yet received our final reports for the year 1918. These reports are due to reach us this week and immediately upon their receipt, we will prepare and forward you our complete report for 1918.

As a matter of information, we would state that we have not been engaged in the canning of salmon, our operations merely being confined to the salting and mild curing of salmon and salting of herring.

Yours very truly,

KACHEMAK SALTERY & CANNING CO.

Gentlemen:

Your attention is called to the fact that a report of your fishery operations in Alaska in 1918 is overdue. Blanks for use in making this report were sent to you several weeks ago. If they were not received, additional ones may be obtained from the office of the Bureau of Fisheries, 1217 L. C. Smith Building, Seattle, Washington.

Please give early attention to the preparation of this report.

Very truly yours,

H. F. Moore.

Commissioner.
